La Torre d'Espagnol. Situated five minutes drive from the village and with good access over a farm track which is in line to be tarmaced. There is land here of three hectares which is terraced and laid to olive trees, a little overgrown at present. There is a masia for renovation. A power system would be required for electricity. Water is on the edge of the property but the connection would need to be paid for (the owner will assist any new purchaser with this). There is also an ancient well on the finca.
